Clinical Mental Health Counseling Program Strategic Plan, 2018-2021

2018-2019
- Optimize use of technology and simulation to support student-centered learning
- Continue collaborative community partnerships to address needs in mental healthcare services
- Prepare for Council for Accreditation of Counseling and Related Educational Programs (CACREP) on site visit
- Faculty will work collaboratively to incorporate a diversity statement into the overall JU CMHC mission statement
- Faculty will provide collaborative outreach on diversity and inclusion throughout the JU campus

2019-2020
- Achieve full Clinical Mental Health Counseling accreditation by CACREP (2019)
- Host training event for field site supervisors to include CEU’s
- Apply for CACREP accreditation for a specialization in Marriage and Family Therapy
- Increase Marriage and Family Therapy community partners and clinical sites
- Develop additional Marriage and Family Therapy training opportunities for faculty and students

2020-2021
- Achieve full Marriage and Family Therapy accreditation by CACREP
- Create opportunities for International training in Clinical Mental Health Counseling
- Develop a faculty group counseling practice
- Explore the development of a PhD program in Counselor Education or additional program growth through additional educational offerings
