WELCOME TO FAMILY ORIENTATION 2020!

This year, Jacksonville University will be hosting all New Student Orientation sessions in a virtual environment. Even though we can’t all be together on our beautiful campus, we will host engaging and informative virtual events for both new students and family members. You will receive an introduction to campus resources and services available to your student, terminology used at Jacksonville University, and transitional concerns your student might face.

During your Orientation experience, you will encounter 2 types of sessions:

**INFORMATION SESSIONS**
Information Sessions will be focused on specific topics or departments. These sessions will be a mix of live and prerecorded sessions with a Q&A session at the end.

**LIVE Q&A PANELS**
Hear from campus leadership, current JU students and members of the President’s Parents Council. Bring your questions with you!

CREATE YOUR OWN SCHEDULE
You will have the opportunity to customize your virtual Orientation experience by choosing which sessions you’d like to attend. Nothing is required for family members to attend.

Some sessions are just for family members, some are just for students, so your student’s schedule will look a little different from your own. Sessions that are open to both students and family members will be indicated on the schedule of events.

**CAN'T MAKE IT TO A SESSION YOU'RE INTERESTED IN?**
Not to worry! We understand that not every session will fit into your schedule. Some sessions will be offered multiple times, but we will also record sessions (unless otherwise indicated) so you can watch them on a later a day and time that works for you.

**DID WE MISS SOMETHING?**
Sorry about that! Please contact us at newtoju@ju.edu or 904-256-7068 and we’ll do our best to answer your questions or connect you with the proper department.
