

# WHAT COVERAGE EXPANSION MEANS TO NORTHEAST FLORIDA

---

Moody Chisholm, CEO  
St. Vincent's HealthCare

## Medicaid Expansion Scenario: Initial Population Base

# Coverage expansion would benefit a diverse population of Floridians

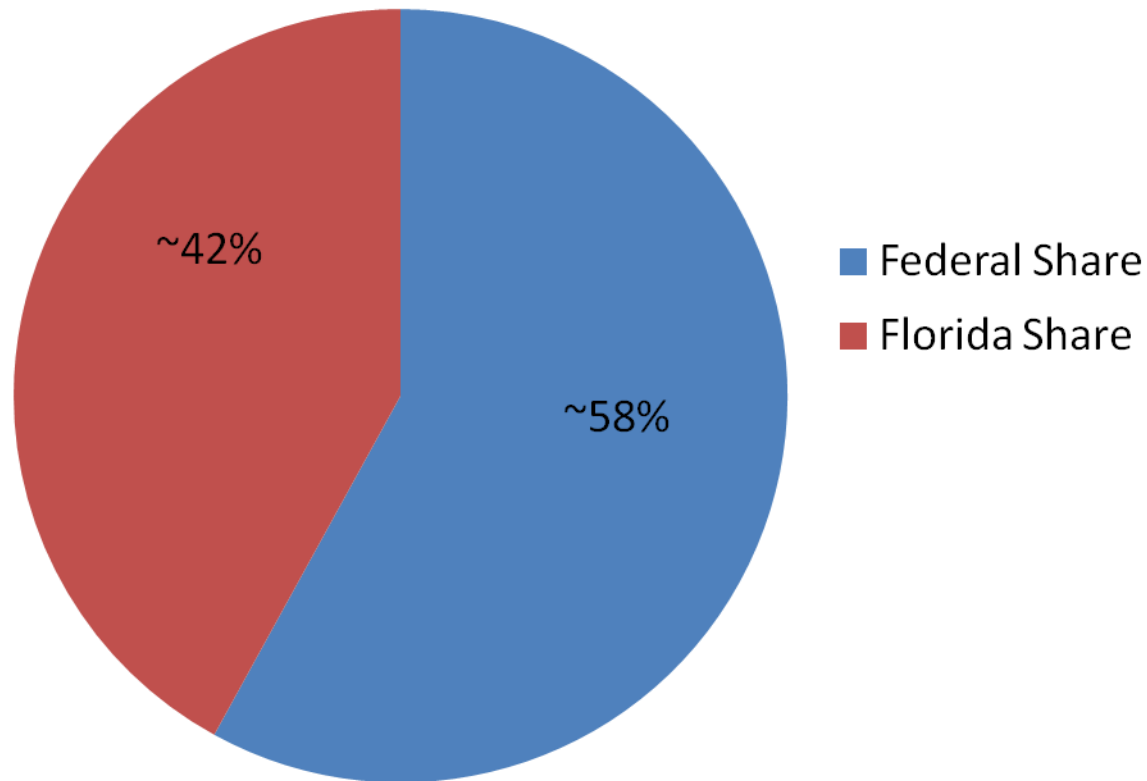

- 77% are employed
- By occupation
  - Retail sales workers and cashiers
  - Restaurant and food service workers
  - Hotel workers
  - Construction workers
  - Landscapers and groundskeepers
  - Agricultural workers
  - Child care workers
  - Healthcare workers

# Covering All Uninsured

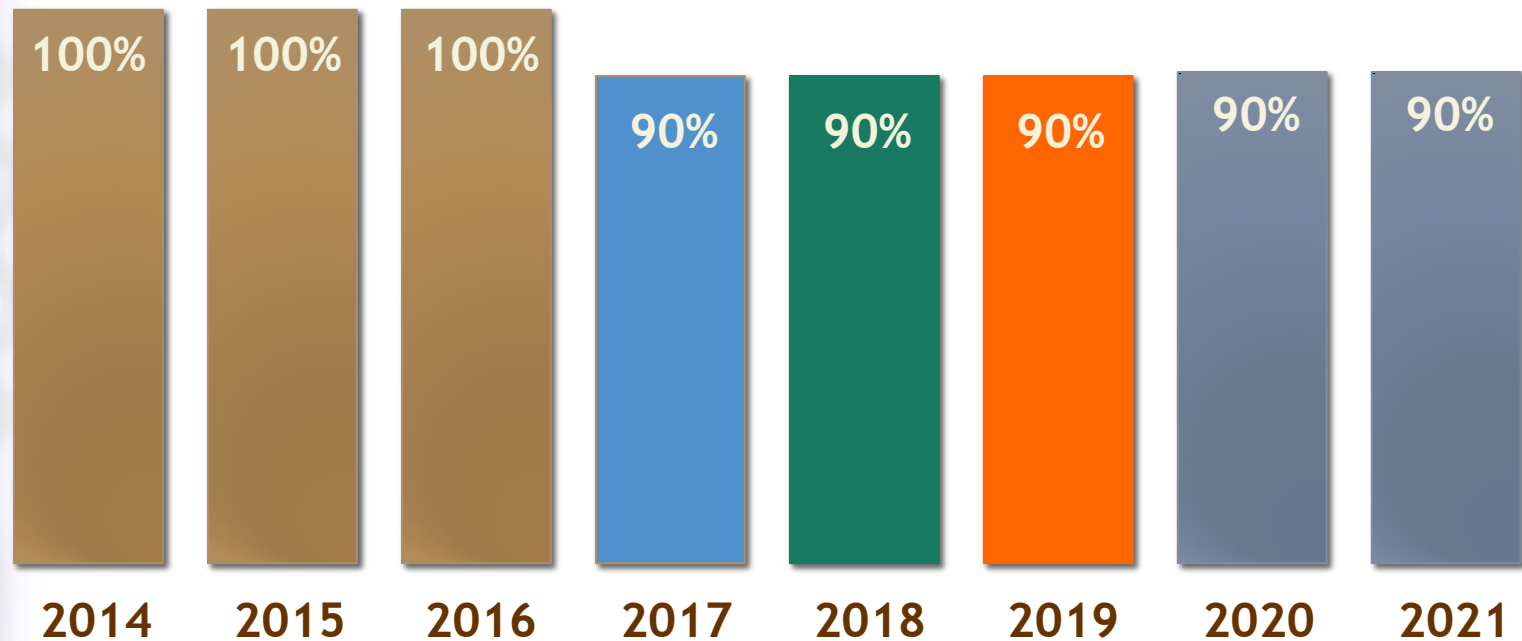

- According to a 2008 Kaiser Commission Study, the Uninsured are more likely to:
  - Wait to get treatment, increasing cost of care
  - Declare Bankruptcy (Medical debt is leading cause)
  - Apply for Disability
  - Be less productive and pay fewer taxes
- Same study shows 75% of uninsured care costs are covered by taxpayers in one way or another
  - Remainder is spread over those paying for care and absorbed by hospitals in Charity Care and Bad Debt

# Medicaid Financing

State FY 13-14: 50-Year History of Funding Support

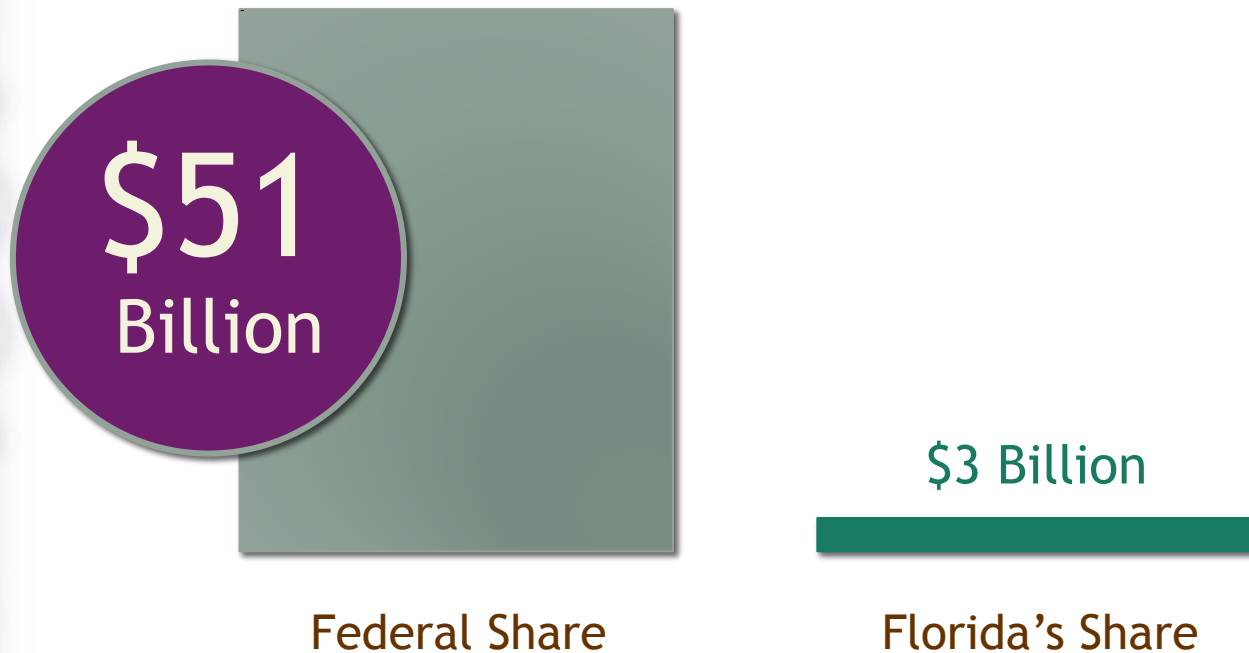

# Federal Share of Proposed Coverage Expansion Costs

# Concerns About Federal Support?

- Federal Government supports states in:
  - Crime Prevention
  - Education
  - Food Banks
  - Transportation
  - Many other programs and services
- States can Opt out later

# Direct Costs/Benefits of Coverage Expansion in Florida 2014-2021

# Capital Infusion Job Impact\*

*Economic Impacts of Extending Health Care Coverage in Florida, University of Florida, Food & Resource Economics Department, March 2013*

# Local Impact of \$51B Capital Infusion

- Estimated 6,200 job increase: Clay, Duval, and St. Johns
  - Health care and secondary employment
  - Finance and Insurance
  - Real Estate and Rentals
  - Administrative and Waste Services
  - Educational Services
- Hospital Systems represent Four of the Top 10 non-Governmental Employers in Jacksonville
  - Coverage supports Health Care providers in transition from fee-for-service to episode of care and health management models

# Opting Out of Expansion Will Mean

- Failure to Improve access to care
- Loss of federal funding
- Reduced DSH without coverage expansion
- Higher Cost to Local Governments
- Failure to bring federal taxes home to Florida
- Loss of State General Revenues (est. \$2.5B)
- Subsidizing other states' expansion benefits
- Loss of job creation opportunities
- Increased cost shifting to Florida businesses

# What does coverage expansion mean to Florida?

Increased employment in Duval, St. John's, and Clay

+6,200

\$51  
Billion

in new federal funds

1M +

reduction in the uninsured

+\$5.41  
Billion

add. state & local tax income

+121,000

new jobs

**Expanding Coverage is a good  
business decision for the state of  
Florida.**
